For a variety of reasons, some not so pleasant, some technical, this is my first access to epa e-mail since the 27th. And my ability to phone this weekend and likely early next week is limited because of (mostly but not totally pleasant) family obligations. I assume you are contacting me after being in touch with Mary Greene. I will do my best to call as soon as I can.

Hi there -

Hope all is well. I know you are out of the office but I wondered if you had time for a very quick chat? I am reachable at either of the 2 numbers below.

Thanks very much!
